Company Overview

Tassin Consulting LLC is a healthcare technology consulting firm specializing in the implementation, integration, optimization, and support of advanced laboratory information systems (LIS) and electronic medical records (EMR). With over a decade of experience in healthcare IT, the firm delivers precision-driven solutions that enhance interoperability, compliance, and operational efficiency across diverse health systems.

Our expertise spans Cerner PathNet, Epic Beaker-PathNet Legacy Support, and foreign system interfacing to include FSI and MDI testing, HL7 integration, and reporting. We provide end-to-end consulting services—from system design and workflow optimization to validation, go-live support, Laboratory Informatics and post-implementation sustainment.
